## Find the Evidence

Can you find the PROOF for your answers? Use a crayon in the color shown to underline where you found each answer in the text.

### The Invention of LEGO Toys

In 1932, a Danish carpenter named Ole Kirk Kristiansen started a business. He built stepladders, ironing boards, stools, and wooden toys. Because the wooden toys sold so well, Ole Kirk named his company LEGO, an abbreviation of the two Danish words "leg godt," which means "play well." Later, they found out that "lego" means "I put together" in Latin.

A decade after the company began, the LEGO factory burned to the ground, but they persevered. In 1949, they introduced plastic "LEGO Automatic Binding Bricks"- brick toys that fit together. LEGO bricks sold very well in Denmark, so the company began to send them to nearby Sweden and Germany. Slowly, they began to sell LEGO bricks worldwide.

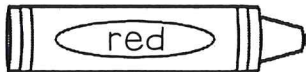

Now, over 80 years after the company began, founder Ole Kirk Kristiansen's grandson leads LEGO. Fans of LEGO toys can now not only play with the regular bricks, but can watch The LEGO Movie, play LEGO video games, visit LEGO stores, read LEGO books, and even build LEGO Robotics. The toys have been named "Toy of the Century" twice because of their popularity and the opportunities they provide for creative fun. More than 400 million people around the world have played with LEGOs!

Who leads the LEGO company today?

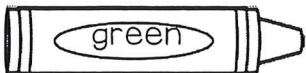

What does LEGO mean in Latin?

Where were LEGO bricks sold first?

Why did Ole Kirk name his company LEGO?

How many people worldwide have played with LEGOs?

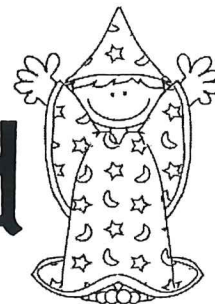

When was the LEGO brick introduced?

## Weekly Word Wizard

1. Circle the word that best completes the sentence.

How many cards  
\_\_\_\_\_ in one deck?

is

are

2. Circle the word that is spelled correctly.

botle

bottle

bottel

3. What part of speech is the underlined word?

Cheetahs can run fast!

noun

verb

adjective

4. Choose the antonym of  
**start**

begin

end

dart

5. Choose the synonym of  
**garbage**

sink

trash

dirty

6. Circle the correct homophone to finish this sentence.

\_\_\_\_\_ you like to share a pizza?

Would

Wood

7. Circle the word in this sentence that should be capitalized.

our teacher reads to  
us every day.

8. Circle the sentence type.  
Watch out for that car!

statement

exclamation

question

command

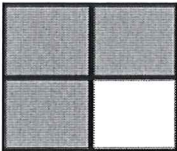

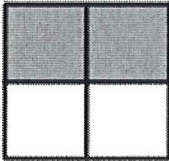

9. Write the two words that make up the compound word.

yourself

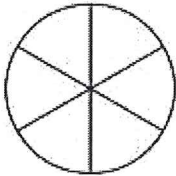

\_\_\_\_\_

\_\_\_\_\_

<p>10. Write the plural form of <b>wish</b></p> <p>_____</p>	<p>11. Circle the prefix and underline the base word.</p> <p><b>uneven</b></p>	<p>12. Circle the suffix and underline the base word.</p> <p><b>dancer</b></p>
<p>13. Write the two words that make the contraction.</p> <p><b>can't</b></p> <p>_____</p> <p>_____</p>	<p>14. Circle the correct abbreviation for the word <b>Mister</b></p> <p><b>Mr.</b></p> <p><b>mr.</b></p> <p><b>mist.</b></p>	<p>15. What resource would you use to find <b>the location of New York City?</b></p> <p><b>thesaurus</b></p> <p><b>atlas</b></p> <p><b>dictionary</b></p> <p><b>encyclopedia</b></p>
<p>16. Write three words that rhyme with <b>skate</b>.</p> <p>1 _____</p> <p>2 _____</p> <p>3 _____</p>	<p>17. Circle the pronoun that could be used for the underlined noun.</p> <p><u>Alice</u> knows all of her math facts.</p> <p><b>She   Her   You</b></p>	<p>18. Complete the analogy.</p> <p><b>Go is to Green as Red is to</b></p> <p>_____</p>
<p>19. Put these words in ABC order: <b>ate eat drink call</b></p> <p>1 _____</p> <p>2 _____</p> <p>3 _____</p> <p>4 _____</p>	<p>20. Circle the word that does not belong.</p> <p><b>paper</b></p> <p><b>pencil</b></p> <p><b>crayon</b></p> <p><b>pen</b></p>	<p>21. List at least 5 things that are almost always red.</p>

# 46	Name: _____ Date: <u>Day #1</u>					
1.	Select all of the numbers that round to 600 when rounded to the nearest hundred.  <table border="1" style="width: 100%; text-align: center; border-collapse: collapse;"> <tr> <td style="width: 20%; padding: 5px;">565</td> <td style="width: 20%; padding: 5px;">682</td> <td style="width: 20%; padding: 5px;">625</td> <td style="width: 20%; padding: 5px;">574</td> <td style="width: 20%; padding: 5px;">653</td> </tr> </table>	565	682	625	574	653

## Find the Evidence

Can you find the PROOF for your answers? Use a crayon in the color shown to underline where you found each answer in the text.

### Instructional Text: Creating a Fire Safety Plan

Does your family have a fire safety plan? October is National Fire Safety Month, and it's the perfect time to have a fire safety meeting with your whole family! Follow these steps to ensure your family has a plan.

1. Check your smoke alarms to be sure they are working.
2. Walk through each room of your home and look for two ways to exit, in case the door is blocked or too hot to use.
3. Make a map that shows all of the possible exits from each room. Be sure to include all doors and windows!
4. Decide on a family meeting place. If you have to leave the house separately, you should have a place safely away from the home where you will come together again. Choose a safe place that is easy to find.
5. Practice what you would do if the smoke alarm goes off. When you hear the alarm, you should never stop to take anything with you or look for pets or people. Go straight to your family meeting place.

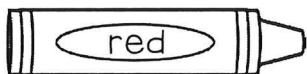

Hopefully, of course, your family will never experience a fire at home. It's still a great idea to be prepared! A plan could keep you safe.

Who should come to the fire safety meeting?

What should the map show?

Where should you go after the smoke alarm goes off?

Why should you look for two ways to exit a room?

How should you choose a meeting place?

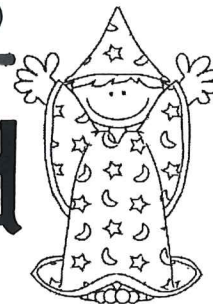

When should you stop to look for your dog?

Name: \_\_\_\_\_

Day #2

# Weekly Word Wizard

1. Circle the word that best completes the sentence.

How \_\_\_\_\_  
teeth have you lost?

much

## Find the Evidence

Can you find the PROOF for your answers? Use a crayon in the color shown to underline where you found each answer in the text.

### Grateful for Grandpa

Today we had no school because it was Veterans Day. I was so excited to stay home, watch TV, and play video games, but my mom told me we were going to Grandpa's house.

I moaned, "Come ON, Mom! We have no school! Can't I just play at home?" But my mom shook her head.

Once we got to Grandpa's house, my mom handed him an American flag and wished him a happy Veterans Day. "What's that?" I asked, confused.

"Veterans Day is a holiday to honor men and women like your grandfather who have served our country in the military," Mom explained. "The United States celebrates every year on November 11<sup>th</sup>."

Grandpa took me to his desk and showed me a picture of him in his Navy uniform. Then, he pulled out a medal from his time in the war and showed me where he had traveled on a map. It was hard to imagine Grandpa in the middle of the war, protecting our country!

"Wow," I said, in awe. "Grandpa, you were so brave! Thank you."

Who was given an American flag?

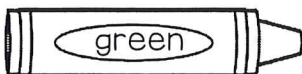

What did Grandpa show the narrator?

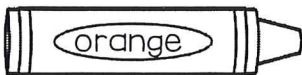

Where did Mom want to go?

Why did the narrator want to stay home?

In which military branch did Grandpa serve?

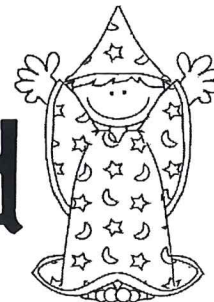

When do we celebrate Veterans Day?

## Biography: Sally Ride

WANTED: Astronauts. Can you imagine seeing an ad for the space program in your school newspaper? The scenario may seem unlikely, but Sally Ride saw a NASA advertisement in the Stanford student newspaper while attending college and decided to apply to become an astronaut.

In 1983, Ride became the first American woman in space as a crew member aboard the space shuttle *Challenger*. On this mission and a second one the next year, Ride spent 343 hours in space. She was training to ride the shuttle *Challenger* on a third spaceflight when disaster struck. Just after liftoff of a 1986 mission, the shuttle exploded, killing all the astronauts inside. Due to her shuttle expertise and her experience on the *Challenger*, Ride served on the committee that investigated the accident to hopefully prevent a similar tragedy from occurring again.

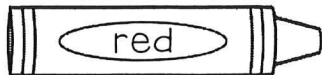

From Sally Ride's birth on May 26, 1951 to her death in 2012, Ride was passionate about science and engineering. This passion led her to teach and research science at universities, but also to encourage children (especially girls) to pursue science. Ride wrote children's books but also founded the Sally Ride Science company to support this mission.

Who was the first American woman in space?

About what was Ride passionate?

Where did Ride see an ad for NASA?

Why was Ride chosen to investigate the disaster?

How many hours did Ride spend in space?

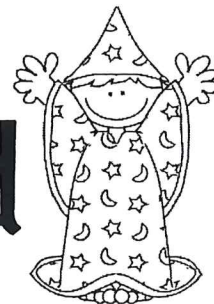

When did Ride first go into space?

## Find the Evidence

Can you find the PROOF for your answers? Use a crayon in the color shown to underline where you found each answer in the text.

### Hot Chocolate Recipe

Do you ever make hot chocolate, or hot cocoa, on a cold winter's day? Hot chocolate is a great way to warm up after playing in the snow or spending some time in the cool winter chill!

#### Directions:

1. First, put hot water in a mug. If it's not very hot, an adult could help you heat it in the microwave. Be very careful with the hot water so you do not burn yourself.
2. Next, open a packet of powdered hot chocolate mix and pour it into the hot water.
3. Third, stir the water for about one minute, or until the powder is completely mixed with the water.
4. Then, add whipped cream on top of the hot chocolate.
5. After that, you can put a few sprinkles or chocolate chips on the whipped cream.
6. Finally, when the outside of the cup is cool enough to touch, take a sip and enjoy your hot chocolate!

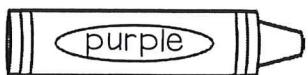

Who should help you heat up the water?

What is added to the mug last?

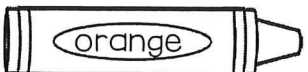

Where should the whipped cream go?

Why should you be careful with the hot water?

How long should you stir the cocoa?

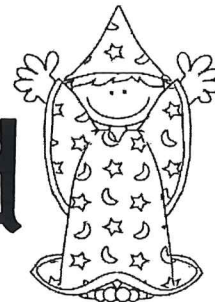

When should you enjoy the hot chocolate?
